**1. Is a newly appearing U.S.-licensed attorney filing this form or do you need to update the bar information, email address, street address, phone or fax number for an already appointed attorney?**

**Foreign-domiciled owners /holders must have a U.S.-licensed attorney** represent them before the USPTO in any application-or registration-related filing. Information about hiring a U.S.-licensed attorney can be found on the USPTO website.

Yes  No

**2. Do you need to submit a new or substitute specimen?**

Yes  No

**3. Do you need to add or delete a miscellaneous statement?**

**NOTE:** The miscellaneous statement field includes the ability to attach a file, for example, to provide requested product literature. Do not use this section for attachments where a specific different section for the purpose already exists. This field may also be used to request **DELETION (WITHDRAWAL)** of an additional statement currently of record, for example, a disclaimer (see specific instructions within form).

Yes  No

**STEP 4: ACCESS ACTUAL PETITION FORM.**

Click on the "Continue" button below to access the petition form for entering your information.

**EXPLANATION OF FILING**

Please provide a statement of the reason for your petition. A petition to the Director must include a verified statement of the facts and the relief being requested.

**Attachments**

Click on the 'Click here to Attach Evidence' button below to select the file from your computer. Visit the USPTO's website for [information on acceptable file sizes and formats](#).

**Instructions:** Attach **ONLY** supporting evidence here, not your entire petition. Each portion of this form serves a specific purpose for data processing reasons. Failure to follow this instruction will cause significant delays in the processing and review of your filing.

**Entering your statements of requested relief and facts in support of the petition:**

- 1. In the free-text area below, enter your statements of requested relief and facts in support of the petition. You may either type directly into the box, or cut-and-paste from another document into this box.**
- 2. If your browser version supports the enhanced functionality of this section, you can format your entry, using the various editing keys displayed above the text entry area (for font, size, color, bold, italics, etc.). Do NOT include any html or**

other programming code or language that may create links within the statement(s) section.

3. If no editing keys are displayed above the text entry box, then your current browser version does not support the enhanced text-editing functionality. You may wish to upgrade to a higher browser level. You may still use the box for entry of your statement(s), but no formatting beyond conventional spacing will be possible. Again, do NOT include any html or other programming code or language that may create links within the explanation section.
4. When you have completed entry of your entire statement(s), click on the "Save and Return to Form" button, above the text entry box. Do not use the "X" button within the browser to close the window, as this may delete all entered information. The form will retain any formatting you have used, viewable through the icons on the Validation page upon completion and validation of this form.
5. At the point of final validation, it is critical to confirm that all information is displayed properly immediately before filing, regardless of the appearance of the data at any point earlier in the process. If any previously-entered text or files (e.g., evidence) are now missing, you must re-enter or re-attach before final submission. Otherwise, the USPTO will not receive a complete petition, e.g., if you initially pasted text into the explanation of filing field, but it is now blank, you must paste it in again after final validation but before actual submission or the USPTO will not receive that text at all.

When you have completed entry of your entire explanation below, click on this button. Do not use the "X" button within the browser to close the window, as this may delete all entered information.

"Petition to Request Reinstatement of Cancelled Trademark Registration and Waiver of Domicile Requirement"  
from email [Date 2023-05-11 20:26]  
{I am repeating this reason in the Petition evidence section in case you say that it was in the wrong place above.}

Petition evidence section-INTRODUCTION:

I was sent this form and instructions in an unsigned email received: [Date 2023-06-20 15:01] and a text copy can be found at the end of this document or as a separate attachment. What I mean by unsigned is that it does not have an individual name on the document in the browser view, not in the header or the signature or anywhere else.

Each of the emails that we have received from "@USPTO.GOV", by that I mean each and every one of the emails we received from any USPTO.GOV email address since our renewal, we have copied the text in date order and posted them in this document at the end or as a separate attachment. You can read them in order or search by the date of the email we will use the date to identify each one.

You will not find another email from Sharon Roberts except her notice [From prg@USPTO.GOV on 2022-10-28 08:13] which has a signature in the email you can see only online in the browser but the text swipe could not pickup the signature which was true about other emails where text could not be swiped.

My first reaction to this email [Date 2023-06-20 15:01] was to think it was a trap of some kind because there was no person who signed it, but that had happened before and is quite disturbing.

Because I could not get answers to my questions from Sharon Roberts and because my hands are trash and I can not type and need to use voice recognition software to write and it has about a 25 percent success rate, I began calling to get answers. By the way, the emails I took a great effort to write using voice recognition software, to Sharon Roberts before the expiration on 05/09/2023 in an effort to find out how to fix

the domicile address issue had been ignored but I will go into that in detail later.

So I started calling. By the time I received this email it seemed I had called the whole world of USPTO.GOV, not every attorney, but I had called even the highest ranking Judge.

And I then went on to call the very high ranking management in the U.S. Department of Commerce also known as COMMERCE.GOV

Almost all of those calls were ignored. In the few cases that I talked to someone or someone called me back the conversation was informative but for those who promised to get back to me with a solid commitment the result was it appeared to me that they were told to not call me back for whatever nefarious reasons.

The other reasons I thought this might be a trap, a way to make sure I lost my registered trademark by doing the wrong thing, was there were no instructions on the website for this type of thing. We could not find this document on the website or in any internet searches using both the doc number and or the OMB number. It looked like someone created it as it had buttons already picked but it was not a Fillable PDF document. Then as we have began filling out these forms we noticed that the buttons picked were consistent with questions I have asked in my various phone calls, interesting in a bad way. As you can see there are no links to an online version of these documents just a reference to a previous email.

All these phone calls did eventually generate a response from Genovese, Carrie who in her first signed email:[Date 2023-06-14 10:43] references her phone call to me and while that was her only phone call to me she does continue to email me after each time I call her, at least until the last time. It took a while to discover this was happening because she didn't call and say she could only email me or something like that. That ate up time I saw evaporating quickly and her emails while seemly informative on the surface actually just directed me to go sign-in with TEAS. From the emails she wrote it is clear she knew I had issues with TEAS as she recommended I say something about that when I file this form on TEAS. But she never went on to help me find a way to access TEAS WITHOUT USING ID.ME.

So why not solve that issue for me. We never got that far and we were out of time.

I will not use ID.ME and have continually asked for a alternative way to be verified. I was told by Hillary (who I don't want to see her fired because the audio recording is both sides see where to listen to it below) in the assistance center, that there was a way using to be verified using a notary public. She committed to call me back after she verified what she had said. Even an email [Date 2023-05-11 20:26] from Office of the Deputy Commissioner for Trademark Examination Policy said she would call,

“ Please do not reply to this mailbox as it does not accept incoming messages. As Hilary explained, she will follow-up with you next week to provide assistance if you opt to file a petition requesting reinstatement or a new trademark application. ”

This seems to be some serious commitment but after all of that I only got a voice

20230710\_RC-OL-EXPLANATION-OF-FILING

message which came after the due date of her expected call. And that message just explained she could not keep her phone appointment. She never did make a new one or call again. So I am still waiting on verification of that option and which document to use.

I thought she was flaky until it happened again within a very short period of time with another individual, Kenneth Reese Deputy Dir of Trademark Services whom I was having excellent communication with and who committed without giving himself any wiggle room to keep a commitment, that he would call me back. This time I never got a call.

These calls are audio files and can not be printed on paper but we have posted them to our alternate YouTube channels search for CFABA.ORGORG on Rumble and Bitchute. You will see more about why we did this below when we asked Genovese, Carrie about sending a DVD

The call with Hillary was recorded on both sides.

[230510\_5853-USPTO.GOV-Contact-Center-(UCC)-CR-ASSISTANCE-CTR-FC-20180430-UD-20220426=5712721000.mp4]

The call to Kenneth Reese was only Audio Recorded on my side Only.

EVD### Kenneth Reese Deputy Dir of Trademark Services with Phone Number of 571229460  
[230531\_5894-US-USPTO.GOV-GOV-KENNETH-REESE-DEPUTY-DIR-TM-SERVICES-FC-20230531=5712729460]

It seemed I had been blacklisted. Were they told not to have any further contact with me. Were they threatened? There were patterns forming that were leading me to think that was the case. I noticed all the emails were coming from one office the "Office of the Deputy Commissioner for Trademark Examination Policy" and none of them had a persons name. I began on June 5th to add to my calls basically something to the affect of under the leadership of Amy Cotton and her boss it appears that this is a retaliatory actions either because of what our organization stands for or what I have done in making all these phone calls. It seems people are being told to not talk to us.

The only exception was Genovese, Carrie who always signed her email.

I called Genovese, Carrie just to verify I was right that I could send a DVD with all the supporting documentation including audio and PDF files and print screens. I have been shocked and surprised on numerous occasions as I researched on USPTO.GOV about our renewal issues before and after the renewal. The lack of common sense I found was stunning. I did not want to be shocked after the fact again so I called to ask can I send a DVD After all how do you print an audio file on paper, you do not. And sure enough in her email [Date 2023-06-30 08:48] she said:

"I also wanted to answer your question - "if I send you a DVD, will the USPTO.GOV print out documents contained on the DVD?" No, we wouldn't be able to do that; you need to print out the documents you think are relevant and send them to us if you are submitting your petition via regular mail or fax. If you do not have access to a printer, you can upload the documents using the TEAS petition form and submit your petition online."

20230710\_RC-OL-EXPLANATION-OF-FILING

Why am I telling you all this and not just following Genovese, Carrie examples and stating simply this is what USPTO.GOV did that prevented our timely filing. Well the issue really is bigger than just one action. And hampering our ability to provide all the evidence is just one of those issues. That email is 10 days from the deadline for this petition to be filed and finding out I could not send a DVD was devastating

I BELIEVE THAT IT IS CRITICAL FOR YOU TO KNOW THAT MY HANDS ARE BASICALLY TRASHED (DISABLED) AND I AM UNABLE TO TYPE. WHEN YOU SEE AN ENTIRE PARAGRAPH STARTING WITH CAPITALIZED LETTERS OR WORDS IT IS BECAUSE MY HORRIBLE OPERATING SYSTEM (OS), SPEECH RECOGNITION SOFTWARE IS NOT WORKING AND I AM HAVING TO USE MY ON-SCREEN KEYBOARD.

I believe that it is now critical for me to tell you I will use what are CALLED short, tiny and OR redirect URL'S. THIS POLICY AND PROCEDURES ACCOMPLISHES SEVERAL OBJECTIVES INCLUDING BUT NOT LIMITED TO WE HAVE FAR MORE CONTROL!!!

WE HAVE SETUP SEVERAL OF THESE SHORT, EASY, REDIRECT URL'S. THEY ALL BEGIN WITH cfaba.net/ OR FOR THE CLICKABLE <http://cfaba.net/> WE OWN NUMEROUS WEBSITES AND cfaba.net IS ONE OF THOSE NUMEROUS WEBSITES.

OUR YOUTUBE ALTERNATIVE WEBSITE(S) AND THEIR ADDRESS(S):

RUMBLE.COM:

BitChute.COM:

<http://cfaba.net/bitcute> - WHICH WILL BE REDIRECTED TO:

In the last line of her email she says "If you do not have access to a printer, you can upload the documents using the TEAS petition form and submit your petition online." She is either uninformed mislead or the TEAS online version does not match the Petition to Director VER 8.1 that is in this packet. Because this hard copy clearly says you can only enter text and the text can not include any urls or HTTP links period. The only place for a URL of any kind was if our trademark usage sample was a webpage (which is was and is). Why we needed to resubmit anything to this section seemed strange as not one thing there was in dispute.

I called Genovese, Carrie [20230706 18:14]and left a sequence of messages (her message length is only a little under 2mins and it took calling a number of times) explaining how with out being able to send a DVD we could never get all the evidence printed and sent in time to meet the deadline. At best it would only be a fraction of what we needed to present to prove USPTO.GOV's guilt. At that point we were working on how to convert the audio files to video and upload them to Rumble or the like. I asked slash demanded an extension because of this issue. She knew all my attempts to get this done. She never answered that message.

Maybe this is how you deal with the disabled. I found no help on the USPTO.GOV website

for the disabled.

My wife is helping by typing because as I have stated in numerous phone calls my hands are trash and voice recognition software is only about 25 percent accurate. She is my ADA assistant and without her aid I could never finish even a part of this in the time allotted even now we together will not be able to communicate everything I want to communicate nor present all the evidence that I feel we need to. The USPTO.GOV may think giving an ADA person paper to submit is adequate but I strongly disagree I needed to give arguments orally and that was not given as an option. Filling out a form using cut and paste is one thing having to write lengthy emails to find out how to do this is another.

After discovering the information quality page in the U.S. Department of Commerce also known as COMMERCE.GOV while doing all that research and having the whole thing read to me I am convinced that the USPTO.GOV has committed fraud and broken the law in how they have disseminate information to me and likely others like me. Without the use of the DVD it is now impossible to provide that as evidence as printed it is over 500 pages long and we would never get it printed in time. Again we return to if this filing will even be accepted and if the emailed documents and instructions are legitimate or again just a trap. I will never know if I could have gotten on TEAS what I would have found.

Is this just away to get more money out of us? I will not be sending any money with this package. I was not in the wrong your government entities were in the wrongs. I will show the evidence for that below but for now let state there are some serious problems in the USPTO.GOV and how they have disseminate information to me.

Petition evidence section-STATEMENT:

Quotes from email [Date 2023-05-11 20:26]

“Petition to Request Reinstatement of Cancelled Trademark Registration and Waiver of Domicile Requirement”

“The petition must include a statement explaining how the failure to respond to the Office action was due to an extraordinary situation.”

Well that statement is the only legal criteria that anyone has given me so far.

Quote from email [Date 2023-05-11 20:26]

“To expedite processing, you should also provide with your petition a response to the October 28, 2022 Office action. In this case, the only requirement in the action was to provide your domicile address. When you spoke to TAC you expressed concerns about providing your domicile address. Please note this is a requirement of Trademark Rule 2.189. However, you can request in your petition to waive the rule if an extraordinary situation exists. For example, if due to personal safety concerns you are requesting a waiver of the rule, you can explain this in your petition. Please note that all information provided in the petition becomes part of the publicly-viewable registration record so you should not provide any information in your petition that you do not want made viewable by the public. To file a petition to the Director via

the Trademark Electronic Application System (TEAS), please visit <https://teas.USPTO.GOV.gov/office/pgp.>”

This email [Date 2023-05-11 20:26] is the first I heard that I could “request a waiver of the rule”.

So yes I am requesting a waiver of Trademark Rule 2.189. And yes it is due to personal safety concerns.

It was those personal safety concerns that had me put our P.O. Box down as our domicile address in the in the first place. We have done that from our first filing. As I have stated in most every phone call I have made and as was referenced above in the email, our lives have been threaten in every-way possible including but not limited to our deaths. I could go into more but I do not use foul language and I will not even repeat or publish the vulgar foul language threats we receive.

To make the point I spent months getting into the California program “Safe at Home”. I have explained above that I do not have enough time to provide all the evidence that would show all my work to set up this program and to see if it would solve the issue of a “domicile address required”. I will tell you that they validated my domicile address and they provide a letter and a card for me to give to anyone who needs that address like banks or government entities.

Christopher Hayden from the California Secretary of State's Office had first suggested that I call Sharon Roberts to see if the “Safe at Home” address supplied by the program would solve the domicile address issue. I had gotten to a point that I didn't think anything would work and I was not going to put our lives in danger because that danger was very real, but I called her.

Originally it was to verify this solution that I called and emailed Sharon Roberts before the May 9th 2023 date.

9:58a

[230421\_5781-USPTO.GOV-GOV-CT-Sharon-Roberts@-CASE-ID-78030621-FC-20230420=5712729549.mp4]

[230424\_5789-USPTO.GOV-GOV-CT-Sharon-Roberts@-CASE-ID-78030621-FC-20230420=5712729549.mp4]

As I said above I sent emails too, “emails I took a great effort to write using voice recognition software, to Sharon Roberts before the expiration on 05092303 in an effort to find out how to fix the domicile address issue” emails that “had been ignored”.

The first email was sent a day later [Date 2023-04-22 21:36] this is eastern time. Now the printout of the emails to her are confusing because it was generated because of the suggestion of Christopher Hayden from the California Secretary of State's Office. He had first suggested that I call Sharon Roberts to see if the “Safe at Home” address supplied by the program would solve the domicile address issue. I had gotten to a point that I didn't think anything would work and I was not going to put our lives in danger because that danger was very real, but I called her. When calling did not get a

20230710\_RC-OL-EXPLANATION-OF-FILING

response I emailed her actually I forwarded all of the previous emails between myself and the "Safe at Home" program.

I did this for two reasons. First I can not type and had done my part as I said using voice recognition software and secondly it gave her contact information if she wanted to contact directly any of the parties.

The second email [Date 2023-04-24 00:43] this is pacific time, came out of my yahoo account. This was because I wanted to send pdf's of the "Safe at Home" program's letter and card as attached documents and our server can not send attached files.

I was our hope that she could review these and let me know if this would work. If so then we could try to over come the issue with how to verify me with out using ID.ME. We never got that far as the saying goes it was crickets

Now these emails show how intensely I was working on my end to solve the problem. In a greater way USPTO.GOV was not help either there was no direction about what to do about this issue that I could find before I started making calls beyond Sharon-Roberts.

Until I began calling all of USPTO.GOV I did not know who to contact other than her to get this question answered. It was very stressful that I was not getting any response from Sharon-Roberts and time was running out. I began to call the world at USPTO.GOV but as you can see from the emails received I did not get any results until after the deadline had past. It was a very sad time for us we had worked so hard to resolve this and were stonewall by you folks at USPTO.GOV .

Hillary would be the first to respond her call came on 20230510 the day after our loss

[230510\_5853-USPTO.GOV-Contact-Center-(UCC)-CR-ASSISTANCE-CTR-FC-20180430-UD-20220426=5712721000.mp4]

In fact during my later phone call with Kenneth Reese, Kenneth Reese Deputy Dir of Trademark Services Phone Number of 571229460 [230531\_5894-US-USPTO-GOV-KENNETH-REESE-DEPUTY-DIR-TM-SERVICES-FC-20230531=5712729460] he communicated to me that more than likely these two documents would be sufficient for that "domicile address required" issue and as I said above he told me he was going to verify it and I never heard back from him.

"...how the failure to respond to the Office action was due to an extraordinary situation." Quote from email [Date 2023-05-11 20:26]. Well the truth is I did respond 4 times in fact and as loudly as I knew at the time. Oh I would get louder and louder but I did respond. It is Sharon Roberts the contact at USPTO.GOV who is at fault. Sharon Roberts failure to do her job was the "extraordinary situation".

It was also at this time that I realized that to use TEAS I would have to be verified by ID.ME. I could not just go in and add the address in that slot myself and see if it was accepted. I was looking for a workaround because I was hearing nothing from Sharon Roberts. So between 2023-04-22 and 2023-04-28 I researched the option fully and came to the irrevocable decision that it was unsafe to use and I will not use ID.ME.

## 20230710\_RC-OL-EXPLANATION-OF-FILING

That I was not aware that I now had to be validated by this unsafe non-government service falls on the shoulders of Sharon Roberts as well. That fact should have been her original email to me. I would have gotten early on just as I had gotten on the address issue. Again a fail on the part of USPTO.GOV. Who knows I may have stirred up thing at USPTO.GOV earlier if I had to deal with the ID.ME issue earlier and that may have resulted in a solve and I would not be filing this very petition now.

### SO IN REVIEW:

The result of NO response from Sharon Roberts

- called everyone I could find
- concluded there was some retaliation going on when I did not get called back
- could not get a timely answer for a alt to ID.ME
- could not get written answer about safe at home
- had no way to just put the safe at home address in the record and see if it worked without permission because of lack of timely answers about ID.ME
- ran out of time
- had the trademark canceled 20230509
- kept calling
- could not risk my life when told by some individual they could hide my domicile address again not on the record
- this doc itself says that is not true and that I don't have any confidentiality
- so now reason to believe being lied to by USPTO.GOV personal

Sharon Roberts should be fired she is either

- no able to do the job
- or purposely ignored desperate attempts to reach her
- yet I saw this through out the whole of USPTO.GOV
- there were two cases where a person committed to call me with a follow up on a certain day and no call - they became virtually impossible to speak with again
- has USPTO.GOV been weaponized against TM holders who do not align with the current ADMINISTRATION.

This kind of corruption is exactly why CFABA.ORG was formed in the first place to elect morality and values based candidates who would put a stop to this kind of corruption but that may be exactly why Sharon Roberts and it seems the majority of others at USPTO.GOV wanted to see us/me damaged in whatever way they had the power to do it. Including and not limited to seeing us physically harmed or killed because folks that have threatened to do just that have now been given easy access to where we live our "domicile address" by you folks at USPTO.GOV.

You at USPTO.GOV seem to care that you know who you are dealing with and are they the real owner of the trademark but you care nothing and I mean nothing or as I like to use the phrase not even some percentage of 32 trillion about that persons safety and you do nothing to protect them. That is clear in how you deal with the poor who can not afford an attorney to hide behind but still have just as much right as any rich person. I believe that is a constitutional right I have to be treated equally.

If you do not see clearly that the fault lies with USPTO.GOV then I would say that you

have eyes and can not see and/or have an agenda that does not serve the good people of this great country.

United States Patent and Trademark Office (USPTO)

USPTO OFFICIAL NOTICE

Office action (Official Letter) or Notice has issued  
on 10/28/2022 for  
U.S. Trademark Application Ser./Registration No. 2500525

A USPTO staff member has reviewed your trademark document and issued an Office action or notice. You may be required to respond to this Office action or notice. Follow the steps below.

- (1) Read the Office action or notice. This email is NOT the Office action or notice.
- (2) Respond to the Office action or notice, if a response is required. Respond by the deadline using the Trademark Electronic Application System (TEAS). Your response must be received by the USPTO on or before 11:59 p.m. Eastern Time of the last day of the response period. Otherwise, your application may be abandoned or registration may be cancelled and/or expired and/or your document rejected. See the Office action or notice itself regarding how to respond.
- (3) Direct general questions about using USPTO electronic forms, the USPTO website, the application or registration maintenance process, the status of your application or registration, and whether there are outstanding deadlines to the Trademark Assistance Center (TAC).

After reading the Office action or notice, address any question(s) regarding the specific content to the USPTO staff member identified in the Office action or notice.

#### GENERAL GUIDANCE

Check the status of your application or registration periodically in the Trademark Status & Document Retrieval (TSDR) database to avoid missing critical deadlines.

Update your correspondence email address to ensure you receive important USPTO notices about your application or registration.

Beware of trademark-related scams.

Protect yourself from people and companies that may try to take financial advantage of you. Private companies may call you and pretend to be the USPTO or may send you communications that resemble official USPTO documents to trick you. We will never request your credit card number or social security number over the phone. And all official USPTO correspondence will only be emailed from the domain "@uspto.gov." Verify the correspondence originated from us by using your application serial number or registration number in our database, TSDR, to confirm that it appears under the "Documents" tab, or contact the Trademark Assistance Center.

Hiring a U.S.-licensed attorney.

If you do not have an attorney and are not required to have one under the trademark rules, we encourage you to hire a U.S.-licensed attorney specializing in trademark law to help guide you through the registration or registration maintenance process.

19:08 2023-07-09

Deputy Commissioner for Trademark Examination Policy to provide additional information regarding how to petition to request reinstatement of your registration and a waiver of the requirement to provide your domicile address. We were sorry to hear about the difficulties you experienced while verifying your identity through ID.me. Please note this system was set up to better protect our customers from scams and fraudulent activities related to the trademark register.

With respect to your registration, a review of Office records indicates that you timely filed a Section 8 declaration and an application for renewal under Section 9 of the Trademark Act (combined filing) on April 22, 2022. On October 28, 2022, a Post Registration Office action issued requiring for you to provide your domicile address since the combined filing lists your address as a PO box. The Office action stated that a response was due within 6 months from the issuance date of the action, and advised that if no response was received, the registration would be cancelled. Since no response was received, the registration was cancelled on May 8, 2023, and a notice of cancellation issued on May 9, 2023.

#### Petition to Request Reinstatement of Cancelled Trademark Registration and Waiver of Domicile Requirement

As noted in the notice of cancellation, a petition to the Director under Trademark Rule 2.146 (petition) can be filed to request reinstatement of a cancelled registration and acceptance of a late response to an outstanding Office action. A petition must be filed within two months from the issuance date of the notice of cancellation. 37 C.F.R. §2.146(d)(1); TMEP §§1705.04, 1712.02(b)(i). Therefore, a petition for reinstatement must be filed by July 9, 2023. The petition must include a statement explaining how the failure to respond to the Office action was due to an extraordinary situation. For example, failure to receive the Office action would constitute an extraordinary situation. Any details to support the extraordinary situation should be provided in the petition.

To expedite processing, you should also provide with your petition a response to the October 28, 2022 Office action. In this case, the only requirement in the action was to provide your domicile address. When you spoke to TAC you expressed concerns about providing your domicile address. Please note this is a requirement of Trademark Rule 2.189. However, you can request in your petition to waive the rule if an extraordinary situation exists. For example, if due to personal safety concerns you are requesting a waiver of the rule, you can explain this in your petition. Please note that all information provided in the petition becomes part of the publicly-viewable registration record so you should not provide any information in your petition that you do not want made viewable by the public. To file a petition to the Director via the Trademark Electronic Application System (TEAS), please visit <https://teas.uspto.gov/office/pgp>.

Please do not reply to this mailbox as it does not accept incoming messages. As Hilary explained, she will follow-up with you next week to provide assistance if you opt to file a petition requesting reinstatement or a new trademark application.

Sincerely,

Office of the Deputy Commissioner for Trademark Examination Policy

Dear Robert Colaco,

Thank you for your additional communications with the United States Patent and Trademark Office (USPTO). Your communications with the Office of the Under Secretary and Director, Office of the Commissioner for Trademarks, Office of Policy and International Affairs, Office of Trademark Services, and Trademark Assistance Center (TAC) have been relayed to the Office of the Deputy Commissioner for Trademark Examination Policy for response.

As explained in our email below dated May 11, 2023, and your communications with TAC, your registration cancelled on May 8, 2023, and a notice of cancellation issued on May 9, 2023, for failure to timely respond to the Post Registration Office action that issued on October 28, 2022. In the Office action, you were required to provide your domicile address in accordance with Trademark Rule 2.189. The Office action further stated that a response was due within 6 months from the issuance date of the action, and advised that if no response was received by this date, the registration would be cancelled. Since we have no record that any response was received by April 28, 2023, your registration properly cancelled.

Petitioning to Request Reinstatement of Cancelled Registration and Waiver of Domicile Requirement

As noted in the notice of cancellation issued on May 9, 2023, and explained in our email below, a petition to the Director under Trademark Rule 2.146 (petition) can be filed to request reinstatement of a cancelled registration and acceptance of a late response to an outstanding Post Registration Office action. A petition must be filed by July 9, 2023, two months following the issuance date of the notice of cancellation. 37 C.F.R. §2.146(d)(1); TMEP §§1705.04, 1712.02(b)(i). The petition must include a statement explaining how the failure to respond to the Office action was due to an extraordinary situation. For example, if you did not receive the Office action notification email, you may state this in your petition.

To expedite processing, you should also provide with your petition a response to the

October 28, 2022 Office action. In this case, the only requirement in the action was to provide your domicile address. When you spoke to TAC you expressed concerns about providing your domicile address as required by Trademark Rule 2.189. Please note, you can request in your petition to waive the rule if an extraordinary situation exists. For example, if due to personal safety concerns you are requesting a waiver of the rule, you can explain this in your petition. As previously noted, all information provided in the petition becomes part of the publicly-viewable record so you should not provide any information in your petition that you do not want made publicly viewable.

The petition form will require payment of the \$250 petition fee. You may include with your petition a request to refund the fee if, for example, you have evidence that you timely responded to the Post Registration Office action and the USPTO cancelled your registration in error. To file a petition via the Trademark Electronic Application System (TEAS), please visit <https://teas.uspto.gov/office/pgp>.

#### Filing a New Trademark Application and Request to Make Special

If your failure to timely respond to the Office action was not due to an extraordinary situation, you may file a new application with the USPTO to seek registration for your mark. After filing a new application, you may also submit a Request to Make Special Form #6, and if granted, the application will be immediately assigned to an examining attorney for review. There is no fee required to submit this request. For the USPTO to grant an application "special" status, the mark in the new application must be identical to the mark in the cancelled registration, the goods and/or services must be identical, and the new application must be owned by the prior registrant or its assignee.

Please note that the above options are the only remedies available to a trademark owner following the cancellation of a trademark registration for failure to timely respond to a Post Registration Office action, as provided by the Trademark Rules of Practice. Although it has been brought to our attention that you have contacted multiple offices within the USPTO seeking additional relief following the cancellation of your registration, there are no other means for requesting reinstatement of a cancelled registration.

#### Conducting Business with the USPTO

The Trademark Rules require that all requests for relief in a trademark case must be filed electronically using TEAS. 37 C.F.R. §§2.21, 2.23; Trademark Manual of Examining Procedure (TMEP) §301.01. A USPTO employee is not authorized to reinstate a cancelled

registration based on a request made over the phone. If you believe your registration was cancelled in error, the proper procedure is to file a petition to the Director with a detailed statement of the circumstances. If USPTO error is found, the petition fee will be refunded.

Please note that the Trademark Rules also require an applicant, registrant, attorney, or party to conduct their business before the USPTO with decorum and courtesy. See 37 C.F.R. §2.192; TMEP §709.07. The USPTO will review all oral or written communications received, but may decline to consider or respond to any communication containing abusive, offensive, threatening, or otherwise discourteous remarks directed to the USPTO or any of its staff. Similarly, USPTO staff may terminate any communication or other interaction if the person makes abusive, offensive, or threatening statements or engages in threatening or otherwise inappropriate behavior. See 37 C.F.R. §2.192.

Parties that fail to abide by this rule may be restricted from informally communicating with the USPTO via phone or email and/or required to conduct all business through formal written response, as required by Trademark Rule 2.191. 37 C.F.R. §2.191.

#### Hiring a Trademark Attorney

Because of the legal technicalities and strict deadlines involved in maintaining a trademark registration, you may wish to hire a private attorney specializing in trademark matters to represent you in this process and provide legal advice. Although USPTO employees are permitted to help a trademark owner understand the contents of an Office action as well as the registration maintenance process in general, no USPTO staff is permitted to give legal advice or statements about an owner's legal rights. See TMEP §709.06.

For attorney referral information, you may consult the American Bar Association's Consumers' Guide to Legal Help at [http://www.americanbar.org/groups/legal\\_services/flh-home.html](http://www.americanbar.org/groups/legal_services/flh-home.html); an online directory of legal professionals, such as FindLaw® at <http://lawyers.findlaw.com/>; or a local telephone directory. The USPTO, however, cannot aid in the selection of an attorney. 37 C.F.R. §2.11.

We trust the information provided sheds some additional light on the cancellation of your trademark registration as well as your options moving forward. Please do not reply to this mailbox as it does not accept incoming messages.

Kind regards,

Office of the Deputy Commissioner for Trademark Examination Policy  
United States Patent and Trademark Office

Subject: Trademark Registration No. 2500525 for the mark CITIZENS FOR A BETTER AMERICA

Dear Robert Colaco,

Thank you for contacting the United States Patent and Trademark Office (USPTO). Your call to the Trademark Assistance Center (TAC) has been relayed to the Office of the Deputy Commissioner for Trademark Examination Policy to provide additional information regarding how to petition to request reinstatement of your registration and a waiver of the requirement to provide your domicile address. We were sorry to hear about the difficulties you experienced while verifying your identity through ID.me. Please note this system was set up to better protect our customers from scams and fraudulent activities related to the trademark register.

With respect to your registration, a review of Office records indicates that you timely filed a Section 8 declaration and an application for renewal under Section 9 of the Trademark Act (combined filing) on April 22, 2022. On October 28, 2022, a Post Registration Office action issued requiring for you to provide your domicile address since the combined filing lists your address as a PO box. The Office action stated that a response was due within 6 months from the issuance date of the action, and advised that if no response was received, the registration would be cancelled. Since no response was received, the registration was cancelled on May 8, 2023, and a notice of cancellation issued on May 9, 2023.

Petition to Request Reinstatement of Cancelled Trademark Registration and Waiver of Domicile Requirement

As noted in the notice of cancellation, a petition to the Director under Trademark Rule 2.146 (petition) can be filed to request reinstatement of a cancelled registration and acceptance of a late response to an outstanding Office action. A petition must be filed within two months from the issuance date of the notice of cancellation. 37 C.F.R. §2.146(d)(1); TMEP §§1705.04, 1712.02(b)(i). Therefore, a petition for reinstatement must be filed by July 9, 2023. The petition must include a statement explaining how the failure to respond to the Office action was due to an

extraordinary situation. For example, failure to receive the Office action would constitute an extraordinary situation. Any details to support the extraordinary situation should be provided in the petition.

To expedite processing, you should also provide with your petition a response to the October 28, 2022 Office action. In this case, the only requirement in the action was to provide your domicile address. When you spoke to TAC you expressed concerns about providing your domicile address. Please note this is a requirement of Trademark Rule 2.189. However, you can request in your petition to waive the rule if an extraordinary situation exists. For example, if due to personal safety concerns you are requesting a waiver of the rule, you can explain this in your petition. Please note that all information provided in the petition becomes part of the publicly-viewable registration record so you should not provide any information in your petition that you do not want made viewable by the public. To file a petition to the Director via the Trademark Electronic Application System (TEAS), please visit <https://teas.uspto.gov/office/pgp>.

Please do not reply to this mailbox as it does not accept incoming messages. As Hilary explained, she will follow-up with you next week to provide assistance if you opt to file a petition requesting reinstatement or a new trademark application.

Sincerely,

Office of the Deputy Commissioner for Trademark Examination Policy  
United States Patent and Trademark Office

Good morning Mr. Colaco,

I am following up on the voicemail I left last week about your trademark registration for the mark CITIZENS FOR A BETTER AMERICA (U.S. Registration No. 2500525) and your voicemails left for me last night. My office has also been forwarded voicemails you left for different USPTO staff, including the Chief of Staff to Director Vidal, the Director of OPIA, the Director of EEOD, and the Chief Judge for the PTAB. These messages were forwarded to the Trademark Petitions Office because filing a petition to the Director is the proper way to request reinstatement of a cancelled trademark registration. A USPTO employee cannot take action on a case based on a phone request; the request has to be made in writing.

I understand that you are frustrated with the USPTO, and I want to provide all of the information you need to file your petition. In this email, I am including detailed instructions about how to submit a petition to reinstate your cancelled trademark including all of the direct links you will need.

A petition requesting reinstatement is due on or before July 10, 2023 (July 9th falls on a Sunday, so the due date is the following weekday).

Filing your petition online

Here is a direct link to the petition form where you can submit your request:  
Petition to Director ([uspto.gov](https://www.uspto.gov)).

If you are planning to include evidence with your petition that the trademark was cancelled in error, you may submit the form without paying the petition fee upfront (the fee may be required later on once an attorney reviews your request). If this is

the case, please choose the "Provide proof of an unauthorized filing" radio button in Step 3 on the form, and it will allow you to bypass the fee when you submit the petition. Here is a screenshot of which option you should choose:

cid:image001.jpg@01D99971.1EC3E890

In the "Enter Explanation" field, you should enter your statement of facts. This is a picture of the button you will click to enter your petition statement:

If appropriate, you can include one of the following statements:

I did not receive the Office action issued on October 28, 2022.

or  
I was unable to complete the ID.me verification process before the response deadline to the October 28, 2022 Office action. The attached evidence shows my attempt to respond before the Office action due date.

In your conversation with our Trademark Assistance Center representative, you mentioned that you do not want to provide your domicile address, even in the masked field. This is also a request you can include in your petition statement. If appropriate, you can add this:

Due to personal safety concerns, I request a waiver of the requirement to provide my domicile address. I wish to continue using the Post Office Box address currently of record.

You must also click on the "Attach Evidence" button and attach documentation you want to include as evidence. For example, if you sent an email to the Post Registration specialist prior to the Office action response due date, you can include it as evidence to support your petition. Here is a picture of the button you will click to attach evidence:

Option to file on paper

In one of the voicemails left for other USPTO staff that was forwarded to my office, you mentioned that you have a disability. If you are unable to file electronically due to a disability, under the American Disabilities Act (ADA), you have the option to file your petition on paper instead of using the TEAS online system. If you would like me to provide additional information about this option, I can email you the templates for you to print and fill out, or I can send them to you in the mail if that is easier.

I hope this email clarifies the steps you need to follow to file your petition. Please let me know if I can be of further assistance.

Best regards,

Carrie

Mr. Colaco,

I received your voicemails from yesterday. To clarify, the Trademark Rules require that all documents be filed electronically using the TEAS online forms. However, if you have a disability that would prevent you from filing online, under the ADA, that rule may be waived and you would be permitted to file on paper or fax.

I also wanted to answer your question - "if I send you a DVD, will the USPTO print out documents contained on the DVD?" No, we wouldn't be able to do that; you need to print out the documents you think are relevant and send them to us if you are submitting your petition via regular mail or fax. If you do not have access to a printer, you can upload the documents using the TEAS petition form and submit your petition online.

I hope this helps clarify.

Thanks,

Carrie

Dear "Sharon Roberts" <Sharon.Roberts@uspto.gov>

This email is a follow-up to my phone message that I left for you on Friday, April 21, 2023. Christopher Hayden from the California Secretary of State's Office who has been working with me to solve my problem as to how to get you what you apparently need and to not potentially sacrifice our lives in the process.

Christopher Hayden had first suggested that I call you and then suggested that I use your computer systems to make my ("DOMICILE ADDRESS REQUIRED") private.

Sharon Roberts, it would appear that your government entity does not want to endanger the lives of those that have registered a trademark like ourselves. Christopher Hayden, also suggested that I can use your own computerized system to keep private my ("DOMICILE ADDRESS REQUIRED").

When I initially read that statement I was not sufficiently (I am struggling to figure out what words to use) encouraged, and or relieved that your government entity would have enough safeguards to prevent hackers from gaining access to "off limits" portions of your computer system.

Sharon Roberts, are there things that you can tell me for me to have more confidence In your Computer Systems?

Sharon Roberts, you can answer the above stated question either in riding by e-mail or you and I can have a phone conversation obviously before our time expires in the late afternoon time (EASTERN TIME).

I am including all written correspondence between myself and ultimately the "Safe at Home Administration".

Because normally most e-mail software and programs operate from the standpoint of having the most current at the very top of the document I am doing so in this e-mail to you and to the "Safe at Home Administration".

I have gone through a nightmare to get this done with the "Safe at Home Administration" of the California Secretary of State's Office. On the possibility that I have not made it clear to you Sharon Roberts, that we have received and continue to receive all kinds of threats against us including but not limited to, our own deaths.

Obviously I am referencing your online document located at the following address:

Dear "Christopher Hayden", "Safe at Home Administration"

Thank you for taking the time to speak with me and hearing me out about some of my frustrations with the "Safe at Home Administration" within the California Secretary of State.

As per your request I am resending an updated version of the email that I sent last night to the "Safe at Home Administration" <[safeathome@sos.ca.gov](mailto:safeathome@sos.ca.gov)>

I communicated to you that I am disabled and where my disabilities are really affected are in being able to type. As I told you I need to type using speech recognition software which is only about 25% accurate. I am however completely able to read any emails but my disabilities greatly affect my ability to respond to emails by another email for myself. I hope that I have made myself clear on this very critical point.

Because normally most e-mail software and programs operate from the standpoint of having the most current at the very top of the document I am doing so in this e-mail to you and to the "Safe at Home Administration".

Thank you for your willingness to make a commitment to me that you would reach out to the "Safe at Home Administration" <[safeathome@sos.ca.gov](mailto:safeathome@sos.ca.gov)> to bring a resolution to this matter to my satisfaction.

Dear "Safe at Home Administration"

I do require a different type of assistance. The USPTO.GOV United States Patent and Trademark Office (USPTO) requires that I give them my home address ("DOMICILE ADDRESS REQUIRED") for my Registered Trademark and they will not take a P.O. BOX. I submitted that already and they rejected it and gave me 6 months to fix it or I loose the trademark and the money spent on the registration. We are days away from that 6 months deadline.

I already have a "Safe at Home" program approval. I need some kind of letter, like what is done for banks to give to the USPTO.GOV so that I am protected from not having my ("DOMICILE ADDRESS REQUIRED") accessible body those that have had all kinds of threats including but not limited to our and deaths.

You can read that document for yourself which is located at:

<https://tsdr.uspto.gov/documentviewer?caseId=sn780396.1&docId=0DA30221038081565#docIndex=0&page=1>

As you can see by the above referenced USPTO.GOV document they have not given us any wiggle room. As you can also see within that document that I Robert Colaco (Not A Business) am the:

"Owner: Colaco, Robert"

Please, please, please, do not delay any more than what "Safe at Home Administration" has already delayed in getting this nightmare that I have experienced with your government entity over and done with. To say that I have been extremely disappointed, frustrated, and extremely disgusted with your government entities dealings about what you are and are not supposed to be doing it is the understatement of the millenia.

As a result again please, please, please resolve this issue no later than 4:00 PM also known as 1600 hours Pacific Time tomorrow Thursday, April 20 2023.

I am including my e-mail address that is not on our server for Citizens For A Better America(R) (CFABA.ORG) since that server will delete any attached files. So bottom line, would you kindly send what ever document(s) to both the e-mail addresses that I have listed.

Dear "Sharon Roberts" <Sharon.Roberts@uspto.gov>

I am disappointed and saddened that I was unable to upload the two files through your "TEAS SYSTEM" that I am sending to you as attached files in this e-mail. They all are as follows:

20230422\_1928\_SAFE-AT-HOME-PROGRAM-CERTIFICATION-NUMBER-5340-CARD

20230423\_SAFE-AT-HOME-PROGRAM-CERTIFICATION-NUMBER-5340

I received the above two documents/files and scanned them after my e-mail of: April 22, 2023 at 18:32 to YOU.

I believe that these two files could potentially be sufficient for your ("DOMICILE ADDRESS REQUIRED") requirement. Since we are almost out of time to meet your deadline if they are not sufficient would you please let me know who your chain of command are and their phone numbers. Just to make sure that I am not being misunderstood I need their names and phone numbers.

I am sending them as attached PDF files from my YAHOO.COM account because our server will remove those files out of the emails. However, I am sending the same email to my other e-mail accounts.

Thank you in advance for solving these problems for ME/US.

As you can see by the above referenced USPTO.GOV document they have not given us any wiggle room. As you can also see within that document that I Robert Colaco (Not A Business) am the:

"Owner: Colaco, Robert"

Please, please, please, do not delay any more than what "Safe at Home Administration" has already delayed in getting this nightmare that I have experienced with your government entity over and done with. To say that I have been extremely disappointed, frustrated, and extremely disgusted with your government entities dealings about what you are and are not supposed to be doing it is the understatement of the millenia.

As a result again please, please, please resolve this issue no later than 4:00 PM also known as 1600 hours Pacific Time tomorrow Thursday, April 20 2023.

I am including my e-mail address that is not on our server for Citizens For A Better America(R) (CFABA.ORG) since that server will delete any attached files. So bottom line, would you kindly send what ever document(s) to both the e-mail addresses that I have listed.

I have included that text of your e-mail in between the characters of ===== and the characters of ===== IN THIS DOCUMENT.

Beginning in June of 2022 I decided to begin the process of keeping track of how much time each document takes to work on from start to finish.

Dear Robert Colaco,

Thank you for your additional communications with the United States Patent and Trademark Office (USPTO). Your communications with the Office of the Under Secretary and Director, Office of the Commissioner for Trademarks, Office of Policy and International Affairs, Office of Trademark Services, and Trademark Assistance Center (TAC) have been relayed to the Office of the Deputy Commissioner for Trademark Examination Policy for response.

As explained in our email below dated May 11, 2023, and your communications with TAC, your registration cancelled on May 8, 2023, and a notice of cancellation issued on May 9, 2023, for failure to timely respond to the Post Registration Office action that issued on October 28, 2022. In the Office action, you were required to provide your domicile address in accordance with Trademark Rule 2.189. The Office action further stated that a response was due within 6 months from the issuance date of the action, and advised that if no response was received by this date, the registration would be cancelled. Since we have no record that any response was received by April 28, 2023, your registration properly cancelled.

Petitioning to Request Reinstatement of Cancelled Registration and Waiver of Domicile Requirement

--

As noted in the notice of cancellation issued on May 9, 2023, and explained in our email below, a petition to the Director under Trademark Rule 2.146 (petition) can be filed to request reinstatement of a cancelled registration and acceptance of a late response to an outstanding Post Registration Office action. A petition must be filed by

July 9, 2023, two months following the issuance date of the notice of cancellation. 37 C.F.R. §2.146(d)(1); TMEP §§1705.04, 1712.02(b)(i). The petition must include a statement explaining how the failure to respond to the Office action was due to an extraordinary situation. For example, if you did not receive the Office action notification email, you may state this in your petition.

To expedite processing, you should also provide with your petition a response to the October 28, 2022 Office action. In this case, the only requirement in the action was to provide your domicile address. When you spoke to TAC you expressed concerns about providing your domicile address as required by Trademark Rule 2.189. Please note, you can request in your petition to waive the rule if an extraordinary situation exists. For example, if due to personal safety concerns you are requesting a waiver of the rule, you can explain this in your petition. As previously noted, all information provided in the petition becomes part of the publicly-viewable record so you should not provide any information in your petition that you do not want made publicly viewable.

The petition form will require payment of the \$250 petition fee. You may include with your petition a request to refund the fee if, for example, you have evidence that you timely responded to the Post Registration Office action and the USPTO cancelled your registration in error. To file a petition via the Trademark Electronic Application System (TEAS), please visit <https://teas.uspto.gov/office/ppp>.

#### Filing a New Trademark Application and Request to Make Special

If your failure to timely respond to the Office action was not due to an extraordinary situation, you may file a new application [1] with the USPTO to seek registration for your mark. After filing a new application, you may also submit a Request to Make Special Form #6 [2], and if granted, the application will be immediately assigned to an examining attorney for review. There is no fee required to submit this request. For the USPTO to grant an application "special" status, the mark in the new application must be identical to the mark in the cancelled registration, the goods and/or services must be identical, and the new application must be owned by the prior registrant or its assignee.

--

Please note that the above options are the only remedies available to a trademark owner following the cancellation of a trademark registration for failure to timely respond to a Post Registration Office action, as provided by the Trademark Rules of Practice. Although it has been brought to our attention that you have contacted multiple offices within the USPTO seeking additional relief following the cancellation of your registration, there are no other means for requesting reinstatement of a cancelled registration. \_

#### Conducting Business with the USPTO

The Trademark Rules require that all requests for relief in a trademark case must be filed electronically using TEAS. 37 C.F.R. §§2.21, 2.23; Trademark Manual of Examining Procedure (TMEP) §301.01. A USPTO employee is not authorized to reinstate a cancelled registration based on a request made over the phone. If you believe your registration was cancelled in error, the proper procedure is to file a petition to the Director with a detailed statement of the circumstances. If USPTO error is found, the petition fee will be refunded.

Please note that the Trademark Rules also require an applicant, registrant, attorney, or party to conduct their business before the USPTO with decorum and courtesy. See 37 C.F.R. §2.192; TMEP §709.07. The USPTO will review all oral or written communications received, but may decline to consider or respond to any communication containing abusive, offensive, threatening, or otherwise discourteous remarks directed to the USPTO or any of its staff. Similarly, USPTO staff may terminate any communication or other interaction if the person makes abusive, offensive, or threatening statements or engages in threatening or otherwise inappropriate behavior. See 37 C.F.R. §2.192.

Parties that fail to abide by this rule may be restricted from informally communicating with the USPTO via phone or email and/or required to conduct all business through formal written response, as

required by Trademark Rule 2.191. 37 C.F.R. §2.191.

Hiring a Trademark Attorney

Because of the legal technicalities and strict deadlines involved in maintaining a trademark registration, you may wish to hire a private attorney specializing in trademark matters to represent you in this process and provide legal advice. Although USPTO employees are permitted to help a trademark owner understand the contents of an Office action as well as the registration maintenance process in general, no USPTO staff is permitted to give legal advice or statements about an owner's legal rights. See TMEP §709.06.

For attorney referral information, you may consult the American Bar Association's Consumers' Guide to Legal Help at [http://www.americanbar.org/groups/legal\\_services/fllr-home.html](http://www.americanbar.org/groups/legal_services/fllr-home.html); an online directory of legal professionals, such as FindLaw® at <http://lawyers.findlaw.com/>; or a local telephone directory. The USPTO, however, cannot aid in the selection of an attorney. 37 C.F.R. §2.11.

We trust the information provided sheds some additional light on the cancellation of your trademark registration as well as your options moving forward. Please do not reply to this mailbox as it does not accept incoming messages.

Kind regards,

Office of the Deputy Commissioner for Trademark Examination Policy

United States Patent and Trademark Office

Subject: Trademark Registration No. 2500525 for the mark CITIZENS FOR A BETTER AMERICA

Dear Robert Colaco,

Thank you for contacting the United States Patent and Trademark Office (USPTO). Your call to the Trademark Assistance Center (TAC) has been relayed to the Office of the Deputy Commissioner for Trademark Examination Policy to provide additional information regarding how to petition to request reinstatement of your registration and a waiver of the requirement to provide your domicile address. We were sorry to hear about the difficulties you experienced while verifying your identity through ID.me. Please note this system was set up to better protect our customers from scams and fraudulent activities related to the trademark register.

With respect to your registration, a review of Office records indicates that you timely filed a Section 8 declaration and an application for renewal under Section 9 of the Trademark Act (combined filing) on April 22, 2022. On October 28, 2022, a Post Registration Office action issued requiring for you to provide your domicile address since the combined filing lists your address as a PO box. The Office action stated that a response was due within 6 months from the issuance date of the action, and advised that if no response was received, the registration would be cancelled. Since no response was received, the registration was cancelled on May 8, 2023, and a notice of cancellation issued on May 9, 2023.

Petition to Request Reinstatement of Cancelled Trademark Registration and Waiver of Domicile Requirement

--

As noted in the notice of cancellation, a petition to the Director under Trademark Rule 2.146 (petition) can be filed to request reinstatement of a cancelled registration and acceptance of a late response to an outstanding Office action. A petition must be filed within two months from the issuance date of the notice of cancellation. 37 C.F.R. §2.146(d)(1); TMEP §§1705.04, 1712.02(b)(i). Therefore, a petition for reinstatement must be filed by July 9, 2023. The petition must include a statement explaining how the failure to respond to the Office action was due to an extraordinary situation. For example, failure to receive the Office action would constitute an extraordinary situation.

Any details to support the extraordinary situation should be provided in the petition.

To expedite processing, you should also provide with your petition a response to the October 28, 2022 Office action. In this case, the only requirement in the action was to provide your domicile address. When you spoke to TAC you expressed concerns about providing your domicile address. Please note this is a requirement of Trademark Rule 2.189. However, you can request in your petition to waive the rule if an extraordinary situation exists. For example, if due to personal safety concerns you are requesting a waiver of the rule, you can explain this in your petition. Please note that all information provided in the petition becomes part of the publicly-viewable registration record so you should not provide any information in your petition that you do not want made viewable by the public. To file a petition to the Director via the Trademark Electronic Application System (TEAS), please visit <https://teas.uspto.gov/office/ppg>.

Please do not reply to this mailbox as it does not accept incoming messages. As Hilary explained, she will follow-up with you next week to provide assistance if you opt to file a petition requesting reinstatement or a new trademark application.

Sincerely,

Office of the Deputy Commissioner for Trademark Examination Policy

\_United States Patent and Trademark Office\_

Dear "Sharon Roberts" <[Sharon.Roberts@uspto.gov](mailto:Sharon.Roberts@uspto.gov)>

This email is a follow-up to my phone message that I left for you on Friday, April 21, 2023. Christopher Hayden from the California Secretary of State's Office who has been working with me to solve my problem as to how to get you what you apparently need and to not potentially sacrifice our lives in the process.

Christopher Hayden had first suggested that I call you and then suggested that I use your computer systems to make my ("DOMICILE ADDRESS REQUIRED") private.

Sharon Roberts, it would appear that your government entity does not want to endanger the lives of those that have registered a trademark like ourselves. Christopher Hayden, also suggested that I can use your own computerized system to keep private my ("DOMICILE ADDRESS REQUIRED").

When I initially read that statement I was not sufficiently (I am struggling to figure out what words to use) encouraged, and or relieved that your government entity would have enough safeguards to prevent hackers from gaining access to "off limits" portions of your computer

system.

Sharon Roberts, are there things that you can tell me for me to have more confidence In your Computer Systems?

Sharon Roberts, you can answer the above stated question either in riding by e-mail or you and I can have a phone conversation obviously before our time expires in the late afternoon time (EASTERN TIME).

I am including all written correspondence between myself and ultimately the "Safe at Home Administration".

Because normally most e-mail software and programs operate from the standpoint of having the most current at the very top of the document I am doing so in this e-mail to you and to the "Safe at Home Administration".

Dear "Safe at Home Administration"

I do require a different type of assistance. The USPTO.GOV United States Patent and Trademark Office (USPTO) requires that I give them my home address ("DOMICILE ADDRESS REQUIRED") for my Registered Trademark and they will not take a P.O. BOX. I submitted that already and they rejected it and gave me 6 months to fix it or I loose the trademark and the money spent on the registration. We are days away from that 6 months deadline.

I already have a "Safe at Home" program approval. I need some kind of letter, like what is done for banks to give to the USPTO.GOV so that I am protected from not having my ("DOMICILE ADDRESS REQUIRED") accessible body those that have had all kinds of threats including but not limited to our and deaths.

You can read that document for yourself which is located at:

Dear "Sharon Roberts" <Sharon.Roberts@uspto.gov>

This email is a follow-up to my phone message that I left for you on Friday, April 21, 2023. Christopher Hayden from the California Secretary of State's Office who has been working with me to solve my problem as to how to get you what you apparently need and to not potentially sacrifice our lives in the process.

Christopher Hayden had first suggested that I call you and then suggested that I use your computer systems to make my ("DOMICILE ADDRESS REQUIRED") private.

Sharon Roberts, it would appear that your government entity does not want to endanger the lives of those that have registered a trademark like ourselves. Christopher Hayden, also suggested that I can use your own computerized system to keep private my ("DOMICILE ADDRESS REQUIRED"). When I initially read that statement I was not sufficiently (I am struggling to figure out what words to use) encouraged, and or relieved that your government entity would have enough safeguards to prevent hackers from gaining access to "off limits" portions of your computer system.

Sharon Roberts, are there things that you can tell me for me to have more confidence

In your Computer Systems?

Sharon Roberts, you can answer the above stated question either in riding by e-mail or you and I can have a phone conversation obviously before our time expires in the late afternoon time (EASTERN TIME).

I am including all written correspondence between myself and ultimately the "Safe at Home Administration".

Because normally most e-mail software and programs operate from the standpoint of having the most current at the very top of the document I am doing so in this e-mail to you and to the "Safe at Home Administration".

Dear "Sharon Roberts" <Sharon.Roberts@uspto.gov>

This email is a follow-up to my phone message that I left for you on Friday, April 21, 2023. Christopher Hayden from the California Secretary of State's Office who has been working with me to solve my problem as to how to get you what you apparently need and to not potentially sacrifice our lives in the process.

Christopher Hayden had first suggested that I call you and then suggested that I use your computer systems to make my ("DOMICILE ADDRESS REQUIRED") private.

Sharon Roberts, it would appear that your government entity does not want to endanger the lives of those that have registered a trademark like ourselves. Christopher Hayden, also suggested that I can use your own computerized system to keep private my ("DOMICILE ADDRESS REQUIRED"). When I initially read that statement I was not sufficiently (I am struggling to figure out what words to use) encouraged, and or relieved that your government entity would have enough safeguards to prevent hackers from gaining access to "off limits" portions of your computer system.

Sharon Roberts, are there things that you can tell me for me to have more confidence In your Computer Systems?

Sharon Roberts, you can answer the above stated question either in riding by e-mail or you and I can have a phone conversation obviously before our time expires in the late afternoon time (EASTERN TIME).

I am including all written correspondence between myself and ultimately the "Safe at Home Administration".

Because normally most e-mail software and programs operate from the standpoint of having the most current at the very top of the document I am doing so in this e-mail to you and to the "Safe at Home Administration".

I have gone through a nightmare to get this done with the "Safe at Home Administration" of the California Secretary of State's Office. On the possibility that I have not made it clear to you Sharon Roberts, that we have received and continue to receive all kinds of threats against us including but not limited to, our

own deaths.

Dear "Christopher Hayden", "Safe at Home Administration"

Thank you for taking the time to speak with me and hearing me out about some of my frustrations with the "Safe at Home Administration" within the California Secretary of State.

As per your request I am resending an updated version of the email that I sent last night to the "Safe at Home Administration" <safeathome@sos.ca.gov>

I communicated to you that I am disabled and where my disabilities are really affected are in being able to type. As I told you I need to type using speech recognition software which is only about 25% accurate. I am however completely able to read any emails but my disabilities greatly affect my ability to respond to emails by another email for myself. I hope that I have made myself clear on this very critical point.

Because normally most e-mail software and programs operate from the standpoint of having the most current at the very top of the document I am doing so in this e-mail to you and to the "Safe at Home Administration".

Thank you for your willingness to make a commitment to me that you would reach out to the "Safe at Home Administration" <safeathome@sos.ca.gov> to bring a resolution to this matter to my satisfaction.

I have included the text of your e-mail in between the characters of ===== and the characters of ===== IN THIS DOCUMENT.

Hi Robert,

I'm with the Secretary of State and I'm reaching out to you regarding your inquiry into registering a business. What kind of business are you looking to register? And would this be a business entity from another state or country or will the business be a domestic entity?

Dear "Safe at Home Administration"

I do require a different type of assistance. The USPTO.GOV United States Patent and Trademark Office (USPTO) requires that I give them my home address ("DOMICILE ADDRESS REQUIRED") for my Registered Trademark and they will not take a P.O. BOX. I submitted that already and they rejected it and gave me 6 months to fix it or I lose the trademark and the money spent on the registration. We are days away from that 6 months deadline.

I already have a "Safe at Home" program approval. I need some kind of letter, like what is done for banks to give to the USPTO.GOV so that I am protected from not having my ("DOMICILE ADDRESS REQUIRED") accessible body those that have had all kinds of threats including but not limited to our and deaths.

You can read that document for yourself which is located at:

<https://tsdr.uspto.gov/documentviewer?caseId=sn78030621&docId=00A20221028081505#docIndex=0&page=1>

As you can see by the above referenced USPTO.GOV document they have not given us any wiggle room. As you can also see within that document that I Robert Colaco (Not A Business) am the:

"Owner: Colaco, Robert"

Please, please, please, do not delay any more than what "Safe at Home Administration" has already delayed in getting this nightmare that I have experienced with your government entity over and done with. To say that I have been extremely disappointed, frustrated, and extremely disgusted with your government entities dealings about what you are and are not supposed to be doing it is the understatement of the millenia.

As a result again please, please, please resolve this issue no later than 4:00 PM also known as 1600 hours Pacific Time tomorrow Thursday, April 20 2023.

I am including my e-mail address that is not on our server for Citizens For A Better America(R) (CFABA.ORG) since that server will delete any attached files. So bottom line, would you kindly send what ever document(s) to both the e-mail addresses that I have listed.

I have included that text of your e-mail in between the characters of ===== and the characters of ===== IN THIS DOCUMENT.

Dear "Sharon Roberts" <Sharon.Roberts@uspto.gov>

I am disappointed and saddened that I was unable to upload the two files through your "TEAS SYSTEM" that I am sending to you as attached files in this e-mail. They all are as follows:

20230422\_1928\_SAFE-AT-HOME-PROGRAM-CERTIFICATION-NUMBER-5340-CARD

20230423\_SAFE-AT-HOME-PROGRAM-CERTIFICATION-NUMBER-5340

I received the above two documents/files and scanned them after my e-mail of: April 22, 2023 at 18:32 to YOU.

I believe that these two files could potentially be sufficient for your ("DOMICILE ADDRESS REQUIRED") requirement. Since we are almost out of time to meet your deadline if they are not sufficient would you please let me know who your chain of command are and their phone numbers. Just to make sure that I am not being misunderstood I need their names and phone numbers.

I am sending them as attached PDF files from my YAHOO.COM account because our server will remove those files out of the emails. However, I am sending the same email to my other e-mail accounts.

Thank you in advance for solving these problems for ME/US.

Dear "Christopher Hayden", "Safe at Home Administration"

Thank you for taking the time to speak with me and hearing me out about some of my frustrations with the "Safe at Home Administration" within the California Secretary of State.

As per your request I am resending an updated version of the email that I sent last night to the "Safe at Home Administration" <safeathome@sos.ca.gov>

I communicated to you that I am disabled and where my disabilities are really affected are in being able to type. As I told you I need to type using speech recognition software which is only about 25% accurate. I am however completely able to read any emails but my disabilities greatly affect my ability to respond to emails by another email for myself. I hope that I have made myself clear on this very critical point.

Because normally most e-mail software and programs operate from the standpoint of having the most current at the very top of the document I am doing so in this e-mail to you and to the "Safe at Home Administration".

Thank you for your willingness to make a commitment to me that you would reach out to the "Safe at Home Administration" <safeathome@sos.ca.gov> to bring a resolution to this matter to my satisfaction.

I have included the text of your e-mail in between the characters of ===== and the characters of ===== IN THIS DOCUMENT.

Hi Robert,

I'm with the Secretary of State and I'm reaching out to you regarding your inquiry into registering a business. What kind of business are you looking to register? And would this be a business entity from another state or country or will the business be a domestic entity?

Thank you,

Beginning in June of 2022 I decided to begin the process of keeping track of how much time each document takes to work on from start to finish.

I thought about whether to do what I have accused numerous government agencies of keeping secrets or as I like to put it "These are not top grade military secret issues, you are not running the Pentagon or some other three letter top secret government entity."

So, I am not creating some kind of secret phrasing, codes, etc. Again, one of the main reasons that I am doing this so that I would know how much time each document takes to work on from start to finish.

Dear "Safe at Home Administration"

I do require a different type of assistance. The USPTO.GOV United States Patent and Trademark Office (USPTO) requires that I give them my home address ("DOMICILE ADDRESS REQUIRED") for my Registered Trademark and they will not take a P.O. BOX. I submitted that already and they rejected it and gave me 6 months to fix it or I loose the trademark and the money spent on the registration. We are days away from that 6 months deadline.

I already have a "Safe at Home" program approval. I need some kind of letter, like what is done for banks to give to the USPTO.GOV so that I am protected from not having my ("DOMICILE ADDRESS REQUIRED") accessible body those that have had all kinds of threats including but not limited to our and deaths.

You can read that document for yourself which is located at:

<https://tsdr.uspto.gov/documentviewer?caseId=sn78030621&docId=00A20221028081505#docIndex=0&page=1>

As you can see by the above referenced USPTO.GOV document they have not given us any

wiggle room. As you can also see within that document that I Robert Colaco (Not A Business) am the:

"Owner: Colaco, Robert"

Please, please, please, do not delay any more than what "Safe at Home Administration" has already delayed in getting this nightmare that I have experienced with your government entity over and done with. To say that I have been extremely disappointed, frustrated, and extremely disgusted with your government entities dealings about what you are and are not supposed to be doing it is the understatement of the millenia.

As a result again please, please, please resolve this issue no later than 4:00 PM also known as 1600 hours Pacific Time tomorrow Thursday, April 20 2023.

I am including my e-mail address that is not on our server for Citizens For A Better America(R) (CFABA.ORG) since that server will delete any attached files. So bottom line, would you kindly send what ever document(s) to both the e-mail addresses that I have listed.

I have included that text of your e-mail in between the characters of ===== and the characters of ===== IN THIS DOCUMENT.

Dear Robert Colaco,

Thank you for your additional communications with the United States Patent and Trademark Office (USPTO). Your communications with the Office of the Under Secretary and Director, Office of the Commissioner for Trademarks, Office of Policy and International Affairs, Office of Trademark Services, and Trademark Assistance Center (TAC) have been relayed to the Office of the Deputy Commissioner for Trademark Examination Policy for response.

As explained in our email below dated May 11, 2023, and your communications with TAC, your registration cancelled on May 8, 2023, and a notice of cancellation issued on May 9, 2023, for failure to timely respond to the Post Registration Office action that issued on October 28, 2022. In the Office action, you were required to provide your domicile address in accordance with Trademark Rule 2.189. The Office action further stated that a response was due within 6 months from the issuance date of the action, and advised that if no response was received by this date, the registration would be cancelled. Since we have no record that any response was received by April 28, 2023, your registration properly cancelled.

Petitioning to Request Reinstatement of Cancelled Registration and Waiver of Domicile Requirement

--

As noted in the notice of cancellation issued on May 9, 2023, and explained in our email below, a petition to the Director under Trademark Rule 2.146 (petition) can be filed to request reinstatement of a cancelled registration and acceptance of a late response to an outstanding Post Registration Office action. A petition must be filed by July 9, 2023, two months following the issuance date of the notice of

cancellation. 37 C.F.R. §2.146(d)(1); TMEP §§1705.04, 1712.02(b)(i). The petition must include a statement explaining how the failure to respond to the Office action was due to an extraordinary situation. For example, if you did not receive the Office action notification email, you may state this in your petition.

To expedite processing, you should also provide with your petition a response to the October 28, 2022 Office action. In this case, the only requirement in the action was to provide your domicile address. When you spoke to TAC you expressed concerns about providing your domicile address as required by Trademark Rule 2.189. Please note, you can request in your petition to waive the rule if an extraordinary situation exists. For example, if due to personal safety concerns you are requesting a waiver of the rule, you can explain this in your petition. As previously noted, all information provided in the petition becomes part of the publicly-viewable record so you should not provide any information in your petition that you do not want made publicly viewable.

The petition form will require payment of the \$250 petition fee. You may include with your petition a request to refund the fee if, for example, you have evidence that you timely responded to the Post Registration Office action and the USPTO cancelled your registration in error. To file a petition via the Trademark Electronic Application System (TEAS), please visit <https://teas.uspto.gov/office/pgp>.

#### Filing a New Trademark Application and Request to Make Special

If your failure to timely respond to the Office action was not due to an extraordinary situation, you may file a new application [1] with the USPTO to seek registration for your mark. After filing a new application, you may also submit a Request to Make Special Form #6 [2], and if granted, the application will be immediately assigned to an examining attorney for review. There is no fee required to submit this request. For the USPTO to grant an application "special" status, the mark in the new application must be identical to the mark in the cancelled registration, the goods and/or services must be identical, and the new application must be owned by the prior registrant or its assignee.

--

\_Please note that the above options are the only remedies available to a trademark owner following the cancellation of a trademark registration for failure to timely respond to a Post Registration Office action, as provided by the Trademark Rules of Practice. Although it has been brought to our attention that you have contacted multiple offices within the USPTO seeking additional relief following the cancellation of your registration, there are no other means for requesting reinstatement of a cancelled registration. \_

## Conducting Business with the USPTO

The Trademark Rules require that all requests for relief in a trademark case must be filed electronically using TEAS. 37 C.F.R. §§2.21, 2.23; Trademark Manual of Examining Procedure (TMEP) §301.01. A USPTO employee is not authorized to reinstate a cancelled registration based on a request made over the phone. If you believe your registration was cancelled in error, the proper procedure is to file a petition to the Director with a detailed statement of the circumstances. If USPTO error is found, the petition fee will be refunded.

Please note that the Trademark Rules also require an applicant, registrant, attorney, or party to conduct their business before the USPTO with decorum and courtesy. See 37 C.F.R. §2.192; TMEP §709.07. The USPTO will review all oral or written communications received, but may decline to consider or respond to any communication containing abusive, offensive, threatening, or otherwise discourteous remarks directed to the USPTO or any of its staff. Similarly, USPTO staff may terminate any communication or other interaction if the person makes abusive, offensive, or threatening statements or engages in threatening or otherwise inappropriate behavior. See 37 C.F.R. §2.192.

Parties that fail to abide by this rule may be restricted from informally communicating with the USPTO via phone or email and/or required to conduct all business through formal written response, as required by Trademark Rule 2.191. 37 C.F.R. §2.191.

## Hiring a Trademark Attorney

Because of the legal technicalities and strict deadlines involved in maintaining a trademark registration, you may wish to hire a private attorney specializing in trademark matters to represent you in this process and provide legal advice. Although USPTO employees are permitted to help a trademark owner understand the contents of an Office action as well as the registration maintenance process in general, no USPTO staff is permitted to give legal advice or statements about an owner's legal rights. See TMEP §709.06.

For attorney referral information, you may consult the American Bar Association's Consumers' Guide to Legal Help at [http://www.americanbar.org/groups/legal\\_services/flh-home.html](http://www.americanbar.org/groups/legal_services/flh-home.html); an online directory of legal professionals, such as FindLaw® at <http://lawyers.findlaw.com/>; or a local telephone directory. The USPTO, however, cannot aid in the selection of an attorney. 37 C.F.R. §2.11.

We trust the information provided sheds some additional light on the cancellation of your trademark registration as well as your options moving forward. Please do not reply to this mailbox as it does not accept incoming messages.

Office of the Deputy Commissioner for Trademark Examination Policy

United States Patent and Trademark Office

Subject: Trademark Registration No. 2500525 for the mark CITIZENS FOR A BETTER AMERICA

Dear Robert Colaco,

Thank you for contacting the United States Patent and Trademark Office (USPTO). Your call to the Trademark Assistance Center (TAC) has been relayed to the Office of the Deputy Commissioner for Trademark Examination Policy to provide additional information regarding how to petition to request reinstatement of your registration and a waiver of the requirement to provide your domicile address. We were sorry to hear about the difficulties you experienced while verifying your identity through ID.me. Please note this system was set up to better protect our customers from scams and fraudulent activities related to the trademark register.

With respect to your registration, a review of Office records indicates that you timely filed a Section 8 declaration and an application for renewal under Section 9 of the Trademark Act (combined filing) on April 22, 2022. On October 28, 2022, a Post Registration Office action issued requiring for you to provide your domicile address since the combined filing lists your address as a PO box. The Office action stated that a response was due within 6 months from the issuance date of the action, and advised that if no response was received, the registration would be cancelled. Since no response was received, the registration was cancelled on May 8, 2023, and a notice of cancellation issued on May 9, 2023.

Petition to Request Reinstatement of Cancelled Trademark Registration and Waiver of Domicile Requirement

--

As noted in the notice of cancellation, a petition to the Director under Trademark Rule 2.146 (petition) can be filed to request reinstatement of a cancelled registration and acceptance of a late response to an outstanding Office action. A petition must be filed within two months from the issuance date of the notice of cancellation. 37 C.F.R. §2.146(d)(1); TMEP §§1705.04, 1712.02(b)(i). Therefore, a petition for reinstatement must be filed by July 9, 2023. The petition must

include a statement explaining how the failure to respond to the Office action was due to an extraordinary situation. For example, failure to receive the Office action would constitute an extraordinary situation. Any details to support the extraordinary situation should be provided in the petition.

To expedite processing, you should also provide with your petition a response to the October 28, 2022 Office action. In this case, the only requirement in the action was to provide your domicile address. When you spoke to TAC you expressed concerns about providing your domicile address. Please note this is a requirement of Trademark Rule 2.189. However, you can request in your petition to waive the rule if an extraordinary situation exists. For example, if due to personal safety concerns you are requesting a waiver of the rule, you can explain this in your petition. Please note that all information provided in the petition becomes part of the publicly-viewable registration record so you should not provide any information in your petition that you do not want made viewable by the public. To file a petition to the Director via the Trademark Electronic Application System (TEAS), please visit <https://teas.uspto.gov/office/pgp>.

Please do not reply to this mailbox as it does not accept incoming messages. As Hilary explained, she will follow-up with you next week to provide assistance if you opt to file a petition requesting reinstatement or a new trademark application.

Sincerely,

Office of the Deputy Commissioner for Trademark Examination Policy

United States Patent and Trademark Office
